

30 September 2016

Dear Parent/Guardian

Year 8 Student Target review

You may remember that I wrote to you last year in a letter entitled “letting them in on the secret” to explain our approach to student target setting. The letter is still available on the website [here](#) and the accompanying presentation that explains our approach is still available [here](#). The start of year 8 offers students a natural opportunity to review their targets. While most will not change it might be appropriate for some alterations to be made. For example, if a student has been performing well in excess of their end of year target, it might be appropriate to revise their final target upwards. The tutor period on 30 September will be used to start this review process.

Students will receive guidance from their tutors and subject teachers, but this is something that you may wish to discuss with your child in advance of the learning conversations that will be taking place over the next two weeks.

Yours sincerely

Mr A Johnson

Deputy Headteacher

Maiden Erlegh School in Reading
