

28 November 2016

Dear Parent/Guardian

LEARNING GATEWAY

We have become aware that some parents are struggling to access our Learning Gateway to access their child's report and other important information. To help parents to log on and to use the system, we are hosting two drop in sessions at the school in the Learning Resources Centre. These will be

- Wednesday 30 November 10am-12pm
- Wednesday 7 December 10am-12pm

Mrs Hughes, our Learning Gateway administrator will be in attendance to provide assistance.

If you are unable to attend and are still facing problems in logging on to the Learning Gateway, please email learninggateway@maidenerleghschool.co.uk for support.

The Learning Gateway is the means by which a great deal of important information is shared with parents and we want to ensure parents can access this information either at home or at a public library or even in school. We are investigating other ways that we can support parents without internet access, including holding drop-in sessions at the school following each reporting point.

Yours sincerely

Mr A Johnson
Deputy Headteacher
