18 January 2017

Dear Parents

Following our consultation with staff and parents across the Trust we should like to confirm that we will be moving to our new reporting system from September 2017 for the current Years 8 to 12. The current Year 7 will start in the summer term when we will replace the full report with a progress report.

The new progress reports will look somewhat similar to the current ones but the data will be colour coded to give parents an “at a glance” understanding of their child’s progress.

There will also be an indication of any significant strengths or areas for improvement in terms of their skills as learners.

We will provide updated information about how to read and understand the new reports nearer the time.

In response to some of the parental feedback, we will be updating the information for parents on our website about how they can support their child. We will also review some of the Parents’ Information evenings so that they give parents a better understanding of how we provide on-going feedback to students on class and homework, and how parents can use this information to help them understand their child’s progress. Finally, we will be encouraging staff to use homework diaries to pass on brief updates where necessary.

We should like to thank those parents who participated in the consultation evenings at both schools.

Yours sincerely

Miss M Davies
Executive Headteacher
Maiden Erlegh Trust

Mr A Johnson
Acting Head of School
Maiden Erlegh School in Reading
